To The Owner

>>General.

The subsequent pages of this Warranty Information booklet describe some service requirements and the warranties you receive as a smart electric drive owner.

Your car is covered under the terms of these "Warranties" and your smart electric drive Centre will exchange or repair any defective parts in accordance with the terms of such warranties within stated limits.

Please present this booklet to the Service Advisor at your smart electric drive Centre every time you have service or warranty work performed.

Please keep this booklet together with the Operator's Manual and other documents concerning your car.

>>If You Have Lost the Warranty Information Booklet.

>>Replacement Parts for Your smart electric drive.

Genuine smart parts, exchange units and factory approved accessories are the recommended replacement parts for your smart electric drive car and are available through your authorized smart electric drive Centre.

These parts meet the same exacting quality control standards as the original equipment on your car and comply with all applicable Federal and Provincial safety regulations.

Consult your authorized smart electric drive Centre for warranty and other details. Also ask your smart Centre about exchange parts. These parts cost less than new parts but carry the same warranty terms.

New smart electric drive Car Limited Warranty – Things You Should Know

>>General.

Our intention is to repair under warranty, without charge to you, anything that goes wrong with your car during the warranty period which is our fault. All we ask is that you properly maintain and care for the car and that you have warranty repairs or adjustments performed by an authorized smart electric drive Centre.

Please note the difference between “defects” and “damage” as used in the warranty. Defects are covered since we, the manufacturer or distributor are responsible. Conversely, we have no control over damage caused by such things as, but not limited to collision, misuse, and lack of maintenance. Therefore, damage for whatever reason is not covered by the warranty.

MBC’s obligation is limited to the authorization to exchange or repair at its option such parts which are acknowledged by it to be defective. In case of defective assemblies, factory rebuilt units can be used in exchange instead of their repair. The replaced defective parts or assemblies shall become the property of MBC. Warranty repairs do not constitute an extension of the original warranty period for the vehicle or a part thereof.

MAINTENANCE SERVICES ARE ALSO NOT COVERED BY THE WARRANTY SINCE IT IS THE OWNER’S RESPONSIBILITY TO MAINTAIN THE CAR ACCORDING TO THE SERVICE SCHEDULE PROVIDED. All maintenance services must be accomplished to keep your warranty coverage valid. When requesting service or repair work under warranty, the owner must present to the authorized smart Centre, evidence that the periodic servicing requirements have been accomplished. Receipts covering completion of regular servicing should be retained, in the event a question arises concerning maintenance.

These receipts should be transferred to each subsequent owner of the car. For your convenience, the Service Booklet has been designed to incorporate the signature and stamp of your authorized smart Centre upon completion of the required maintenance services.

This signature is evidence of completion of the maintenance services and should be kept together with other receipts, repair orders and invoices. If the owner has a warranty claim and can show through receipted invoices that the vehicle has received the required servicing, the smart Centre will perform the warranty work without charging for parts and labour. It is the responsibility of the owner to prove and the dealer to judge whether the recommended maintenance service has been performed.

New smart Car Limited Warranty – Things You Should Know

MBC's obligation is limited to the authorization to exchange or repair at its option such parts which are acknowledged by it to be defective. In case of defective assemblies, factory rebuilt units can be used in exchange instead of their repair. The replaced defective parts or assemblies shall become the property of MBC. Warranty repairs do not constitute an extension of the original warranty period for the vehicle or a part thereof.

The term "adjustments" as used in the warranty relates to minor repairs normally not connected with the replacement of parts. The warranty covers adjustments necessary to correct defects.

For example, if a part should become loose or misaligned during normal use or service, it will be corrected without charge any time during the 12 month or 20,000 km adjustment period.

The service life of both the high-voltage battery and the 12-volt battery is dependent on its condition of charge. If you use the vehicle less than 300 km per month, mostly for short trips or if it is not used for more than three (3) weeks at a time; it is your responsibility to have the battery charge checked and corrected.

New smart electric drive Car Limited Warranty – Things You Should Know

>>Insurance Write-Off; or Repaired or Replaced Parts.

Any car which has been damaged to such an extent that the owner, insurer, financing institution or leasing company determined the vehicle to be a “total loss”, “write off” or equivalent, is not covered by these warranties. This includes but is not limited to cars issued as “salvage”, “scrap”, “dismantled” or similar title under any provinces law.

Any parts repaired or replaced under an insurance claim or required as a result of events which are not covered under this warranty (see “Items Which Are Not Covered”, page 8), for example, damages due to accidents, misuse, or negligence, and in either case, any subsequent consequential damage to the car are not covered by this warranty.

>>Paint and Other Appearance Items.

Defects in paint, trim or other appearance items are normally taken care of during our new vehicle preparation or by the smart Centre during new vehicle inspection. We suggest that if you find any paint or appearance problems that you advise your authorized smart electric drive Centre as soon as possible since deterioration due to use and exposure is not covered by the warranty.

The instructions in your Operator’s Manual regarding the care of paint, upholstery, trim items and convertible tops, as applicable, must be followed explicitly to maintain your warranty coverage.

>>Customer Repair Orders.

Your servicing smart Centre will give you a copy of the Repair Order on all warranty repairs performed. Please keep this copy with your vehicle records.

>>Body Repair Information.

Due to the materials and assembly procedures used in the production of smart vehicles, it is strongly recommended that any paint work/body repairs be performed only by those repair facilities which have been authorized by MBC as having the tools, equipment and training necessary to perform such repairs. MBC has certified a network of body repair facilities which are qualified to perform both cosmetic and structural repairs to your vehicle.

Should your vehicle need paint work / body repair or if you have any questions please contact your authorized smart Centre.

>>Tires.

Tires are warranted by the tire manufacturer, many authorized smart electric drive Centres are also tire centres and can assist you in obtaining tire adjustments.

Corrosion Warranty

>>This Warranty Does Not Cover:

1. Surface corrosion or perforation to Automobile Body components that were repaired, replaced or refinished after the car was first sold at retail, other than (i) repairs, replacements or refinishes performed under this warranty; or (ii) replacements due to accident or damage ONLY WHERE SUCH REPLACEMENTS ARE GENUINE SMART PARTS, AND ARE RETREATED WITH GENUINE SMART BODY CAVITY RUST-PROOFING AND REFINISHING MATERIALS.

2. Surface corrosion or perforation to the Automobile Body caused by abuse or improper maintenance.

3. Surface corrosion or perforation where paint has been damaged by road hazards, such as stones and debris.

4. Surface corrosion or perforation caused by any part of the Automobile Body being submerged in water, sand or mud, or exposed to corrosive gas or airborne fallout, such as chemicals and tree sap, or by road salt, hail, windstorm or other environmental factors.

5. Paint matching. (MBC reserves the right to decide whether painting the repaired or replaced panel to match the original finish is practicable. MBC is not liable under any circumstances for the costs of painting the entire car solely for paint matching.)

NOTE: THE INSTRUCTIONS IN YOUR OPERATOR'S MANUAL REGARDING CLEANING AND CARE OF THE CAR MUST BE FOLLOWED EXPLICITLY TO MAINTAIN YOUR CORROSION WARRANTY COVERAGE.

TO ENSURE FULL WARRANTY COVERAGE, ANY REPAIR OR REPLACEMENT MUST BE PERFORMED ACCORDING TO THE MANUFACTURER'S REPAIR INSTRUCTIONS.

THIS WARRANTY IS ONLY APPLICABLE IN CANADA.
