

**>> The smart fortwo.
Extended Limited Warranty.**

>> **Extended coverage:** Excellent value.

Your smart fortwo is engineered for long-term use. If you plan to drive your vehicle beyond its four-year/80,000 km new vehicle warranty, then an Extended Limited Warranty might be right for you.

Extended coverage is available for up to six years or up to a 120,000 km maximum, whichever comes first. And if you change your mind and decide to sell or trade in your smart fortwo during this period, an Extended Limited Warranty can help retain and increase the resale value of your vehicle.

Protection, Safety & Peace of Mind:

- Protect yourself and your budget from unforeseen repair costs
- Receive our 24-hour, around the clock smartmove roadside assistance for an additional 2 years, unlimited km
- Zero deductible
- Honoured by authorized Mercedes-Benz dealerships across Canada
- Coverage is similar to your new vehicle warranty
- Backed by Mercedes-Benz Canada, not a third party
- Transferable from person-to-person, via an authorized Mercedes-Benz dealership*

For more coverage details, please refer to the back cover.

* An administration fee applies. Some terms and conditions apply.

>> Giving you peace of mind.

When can I purchase this warranty?†

The Extended Limited Warranty can be purchased at any time during the new vehicle basic warranty period (48 months / 80,000 km), as long as the current owner has purchased the vehicle from, and regularly maintained it at an authorized Mercedes-Benz dealership.

Extended Limited Warranty Term:

Add 24 months of extended coverage or until the vehicle has reached 120,000 km, to your new vehicle basic warranty.

The Extended Limited Warranty begins at 48 months or 80,000 km – whichever occurs first (the end of your new vehicle warranty). If the vehicle reaches 80,000 km prior to 48 months, then the Extended Limited Warranty period will begin on the repair order date of the first warranty claim submitted at or over 80,000 km.

Extended Limited Warranty Pricing:

\$1,590.00

† Certain limitations apply. Please consult your dealer for more information.

The items listed below are covered for 24 months of the ELW Coverage Period, or up to 120,000 km, whichever occurs first:

1. **ENGINE:** Engine block, cylinder head(s), seals and gaskets, all internally lubricated parts, intake and exhaust manifolds, timing chain cover, flywheel, flexplate (driven plate), vibration dampener (harmonic balancer), coolant pump, turbocharger, belt tensioners and motor mounts.
2. **TRANSMISSION:** Transmission case, seals and gaskets, all internally lubricated parts, clutch disc, gear shift motors, clutch motors, clutch master cylinder, hydraulic line, clutch pedal switches, shift cables, pressure plate, clutch release bearing and fork.
3. **REAR AXLE:** Rear axle center section and all internally lubricated parts, seals and gaskets, axle side shafts, bearings and hubs.
4. **TRACTION CONTROL SYSTEM ESP:** ESP/ABS Hydraulic unit, pressure reservoir and control module.
5. **COOLING SYSTEM:** Thermostat, radiator, engine cooling blower assembly, coolant expansion tank, engine oil cooler as well as the metal lines and fittings.
6. **FUEL INJECTION SYSTEM:** Vacuum control valve, fuel pump, fuel pressure regulator, fuel injectors (gas and diesel), fuel injector holders, all metal high pressure fuel injection lines and return lines, injection pump, fuel heater (diesel only), fuel primer pump (diesel only), high pressure pump, mixture housing, fuel tank and expansion tank.
7. **STEERING SYSTEM:** Ignition lock including cylinder/tumblers, steering knuckle, tie rods and rack and pinion steering.
8. **SUSPENSION:** Coil springs, anti-sway torsion bar as well as associated linkage and brackets, shock absorber/suspension struts, upper and lower control arms, as well as all suspension links and bushings, ball joints, wheel bearing and wheel bearing seals.
9. **BRAKE SYSTEM:** Master cylinder, wheel cylinders, brake booster, vacuum pump, hydraulic unit (ABS or ESP) brake calipers, metal hydraulic lines and fittings.
10. **ELECTRICAL SYSTEM:** Starter system components, as well as all electrical motors, wiring harnesses and connectors, sending units, sensors, switches, fuse boxes, relay modules, electronic control modules, transmitters, instrument panel gauges, rheostats, potentiometers, A/C blower motor and blower regulator, alternator and pulley, horns, actuators, timers, electro-mechanical valves and solenoids.
11. **ELECTRONICS:** ECU for engine management, ESP, SAMS, SRS, A/C Temp., BM, CCM, BAS, instrument cluster and upper control panel.
12. **CLIMATE CONTROL:** All electrical components noted above, as well as the A/C compressor and clutch, receiver/drier bottle, refrigerant hoses and connections, evaporator, expansion valve, condenser, heater core and heater housing assembly.
13. **BODY:** Window regulators, sunroof cables, front and rear windshield wiper linkages and seat belt assemblies.
14. **CENTRAL LOCKING SYSTEM:** Actuator/element, switches and linkages.
15. **REMOTE CENTRAL LOCKING:** Transmitters (excluding batteries) and receivers.
16. **SOFT TOP:** Mechanical linkages, switches and sensors.
